

Dear Parents,

First and foremost, we hope that you and your loved ones are safe and healthy. We have received questions from parents about if and how COVID-19 will affect the Bozrah Summer Rec. Camp. We know this pandemic has been stressful to many and recognize that socializing and interacting with peers can be a healthy way for children to cope with stress and connect with others, particularly after spending quite a bit of time at home. After careful thought and planning, we are excited to let you know that we plan to resume camp while following CDC considerations to protect campers, families, and our community.

The health and safety of our campers and staff remain our highest priority. Below, you will find a summary of actions we are taking to help ensure we are lowering COVID-19 risk as much as possible. We are:

- Intensifying cleaning and disinfection practices within our facilities and premises by cleaning and disinfecting frequently touched surfaces (playground equipment and door handles), cleaning and disinfecting objects if they are shared (e.g., art supplies, sports equipment, toys, and games), and ensuring safe and correct use and storage of disinfectants.
- Keeping campers in small groups of 10-13 and spacing them out by prioritizing outdoor activities and putting markers to indicate 6 feet of distance.
- Limiting the number of items that are shared or touched between campers and staff by providing individual supplies to each camper, keeping a camper's belongings separated from others and in individually labeled containers, cubbies, or areas, and using disposable utensils and dishes and pre-packaged boxes or bags when food is provided.
- Promoting healthy hygiene practices by teaching campers the importance of washing their hands with soap and water for at least 20 seconds, monitoring campers to make sure they are washing their hands, providing campers with hand sanitizer with at least 60% alcohol when they don't have easy access to soap and water, encouraging children to cover their coughs and sneezes with a tissue or to use the inside of their elbow, and posting signs about these healthy habits around the camp facility.
- Staff will wear a cloth face covering.
- If a child does get sick at camp, we have identified an area where they can rest, be watched after, and safely isolate from others. We will communicate with parents or caretakers directly.

We ask that you help us protect the health of campers this summer. Anyone who is sick or was sick with COVID-19 or recently in contact with someone with COVID-19 in the last 14 days— including staff, campers, and families— should not come to camp. Be on the lookout for symptoms of COVID-19, which include fever, cough, shortness of breath, chills, muscle pain, sore throat, and loss of taste or smell. Call your doctor if you think you or a family member is sick.

If you have a specific question about this plan or COVID-19, please contact Karen Sanquedolce or Miranda Cirrito for more information. You can also find more information about COVID-19 at www.cdc.gov/coronavirus or on CDC's website for youth and summer camps (<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/summer-camps.html>).

We look forward to seeing you.

Thank you and stay healthy,
Karen and Miranda

WHEN: Monday - Friday, 9am to 2pm beginning July 6th, ending August 14th.

WHERE: Maples Farm Park, 45 Bozrah Street

WHO: Bozrah residents entering Kindergarten through entering sixth grade.

WHAT TO BRING: A lunch **and** snack, lots of water, a change of clothes and/or swim suit and a towel.
