The Bozrah Agriculture Commission Awards Sponsorship to Bozrah Student

The Bozrah Agriculture Commission is pleased to announce Ella Caplet as the 2021 recipient of their annual sponsorship award. The \$250 sponsorship award is for a 9th or 10th grade student who has an established Supervised Agricultural Experience (SAE) project and is deserving of support for their project.

Ella is a freshman at Lyman Memorial High School in Lebanon, CT. Her SAE focuses on learning how to establish a bee colony and how to create honey based products that can be sold. Ella plans to grow her bee hive numbers and to increase her honey production as she continues her project throughout her high school career. Ella was interviewed by the Agriculture Commission members who were impressed with her enthusiasm, willingness to learn and her desire to continue traditional agricultural practices.

The Bozrah Agriculture Commission strives to promote and to support agriculture in our youth so that traditions will be carried into future generations. Students interested in future sponsorships can find information on the town website.

Fields Memorial School Summer Reading Challenge

This summer the FMS staff, administration and PTO are challenging our students to read a total of 600 books! That is just about 3 books per child.

We want to build a community of readers to improve fluency, vocabulary, background knowledge, comprehension and understanding complex text.

During September, we will celebrate our readers with a big celebration. Fun for all!

- The student who reads the most in the school (\$25 gift card)
- The student who reads the most in their grade (\$10 gift card)
- The class that reads the most (Pizza Party)
- Don't forget to keep your reading logs! And submit them to your teachers the first week of school.

For more information, please contact: Karen Sanquedolce at ksanquedolce@bozrah.org

Or go to the school website: fmsbozrah.org for more information on reading lists, finding the right book for your child and to download reading logs.
