FIRST SELECTMAN'S CORNER

I don't know if you noticed but we are deep into the second phase of the corona virus. Bozrah has had several new cases mostly younger people (16-35) Dr Fauci is right, stay home wear a mask, consider gloves and safety glasses when you go out and you should be safe

But Trump is also right, we can't all sit home and not add to the economy or a general depression could occur. Consider taking some risk to support local businesses, but wear a mask

It looks to me like the virus has started into its mutation cycle just like the flu virus. Different responses than in February so no telling what is going to happen so be prepared. It could be better it could be worse

Consider those actions that will keep you safe. Stay away from large gatherings, people you don't know, bars and big parties.

Help us protect each other.

The town hall continues to be closed to general public access. Only one person at a time is allowed in any office. **Masks** are required, your temperature will be taken, you will be asked some questions and asked to sanitize your hands.

Due to the extra work with the absentee ballots the **Town Clerk's office** will be **closed on Monday with the exception of processing absentee ballots.**
