A. Goulart presented a site plan to the commission and discussed the location of the single-family home. A stream is at the back of the property and will be at least 25 feet from the proposed structure, therefore no activity will take place in the wetland area of the property as denoted on the plan.

S. Brunetti made a motion to approve as a not regulated activity, and R. Mercado seconded the motion.

VOTE – MOTION CARRIED

b.) Seymour Adelman: Increase capacity of farm pond.

S. Adelman provided a site map of the farm pond he is proposing to enlarge for the commission to review. The area of the expansion is at the back of the pond and doesn't impact the wetlands.

The Commission asked S. Adelman to submit an application for this activity and we will act on it.

4. Review general correspondence.

The Habitat was the only correspondence for the commission.

5. Such other business as the commission may vote to hear.

No other business for the commission.

Meeting adjourned at 7:20 P.M.

Respectfully Submitted
